EDUCATION

COLORADO SCHOOL OF MINES (ABET) - Golden, CO
B.S. Mechanical Engineering | Expected May 2029 | 3.44 GPA

TECHNICAL SKILLS

CAD & Design - SolidWorks · Autodesk Fusion 360 · Inventor · Revit
Programming & Software - Arduino · Java · Excel · PowerPoint
Fabrication - Prototyping · Woodshop · Hands-On Fabrication · 3D printing
Engineering Analysis - Beam & Structural Calculations · Wastewater · Stormwater Runoff
Engineering - Iterative Design · Building Codes and Standards (IBC) · Problem Solving

Projects

DREAM HOME DESIGN & ENGINEERING CAPSTONE

Engineering Design · CAD · Structural Analysis · Building Codes

- Designed a residential house through Revit and physical prototypes.
- Researched and applied local building codes to verify design requirements, dimensions, and construction standards.
- Performed beam and structural calculations to evaluate structural requirements and inform design decisions.
- Performed wastewater and stormwater runoff calculations to develop drainage and water-management solutions.
- Balanced architectural, structural, and site requirements while maintaining engineering constraints.

3D Printing

- Modeled and printed many different mechanical components and housing prototypes
- Maintained, upgraded, and optimized a 3d printer and slicer settings for rapid prototyping

PROFESSIONAL EXPERIENCE

CONNER PRAIRIE - Groundskeeper

Fishers, IN | Summer 2026

- Worked alongside an experienced mechanic to assist with equipment maintenance, servicing, and troubleshooting, with a focus on lawn mowers.
- Operated heavy machinery safely by quickly learning new equipment and operating procedures.
- Demonstrated reliability, adaptability, attention to detail, and a strong hands-on work ethic.

LEADERSHIP & ACTIVITIES

COLORADO SCHOOL OF MINES VARSITY TRACK & FIELD

Balance collegiate athletics with a rigorous engineering curriculum, developing discipline, teamwork, time management, and perseverance.

NATIONAL HONOR SOCIETY | Hamilton Southeastern High School | 2024–2025
